TEAM MENTAL HEALTH

hope-E as an art pen that records, analyses, and provides visualization of moods over time in a diary.

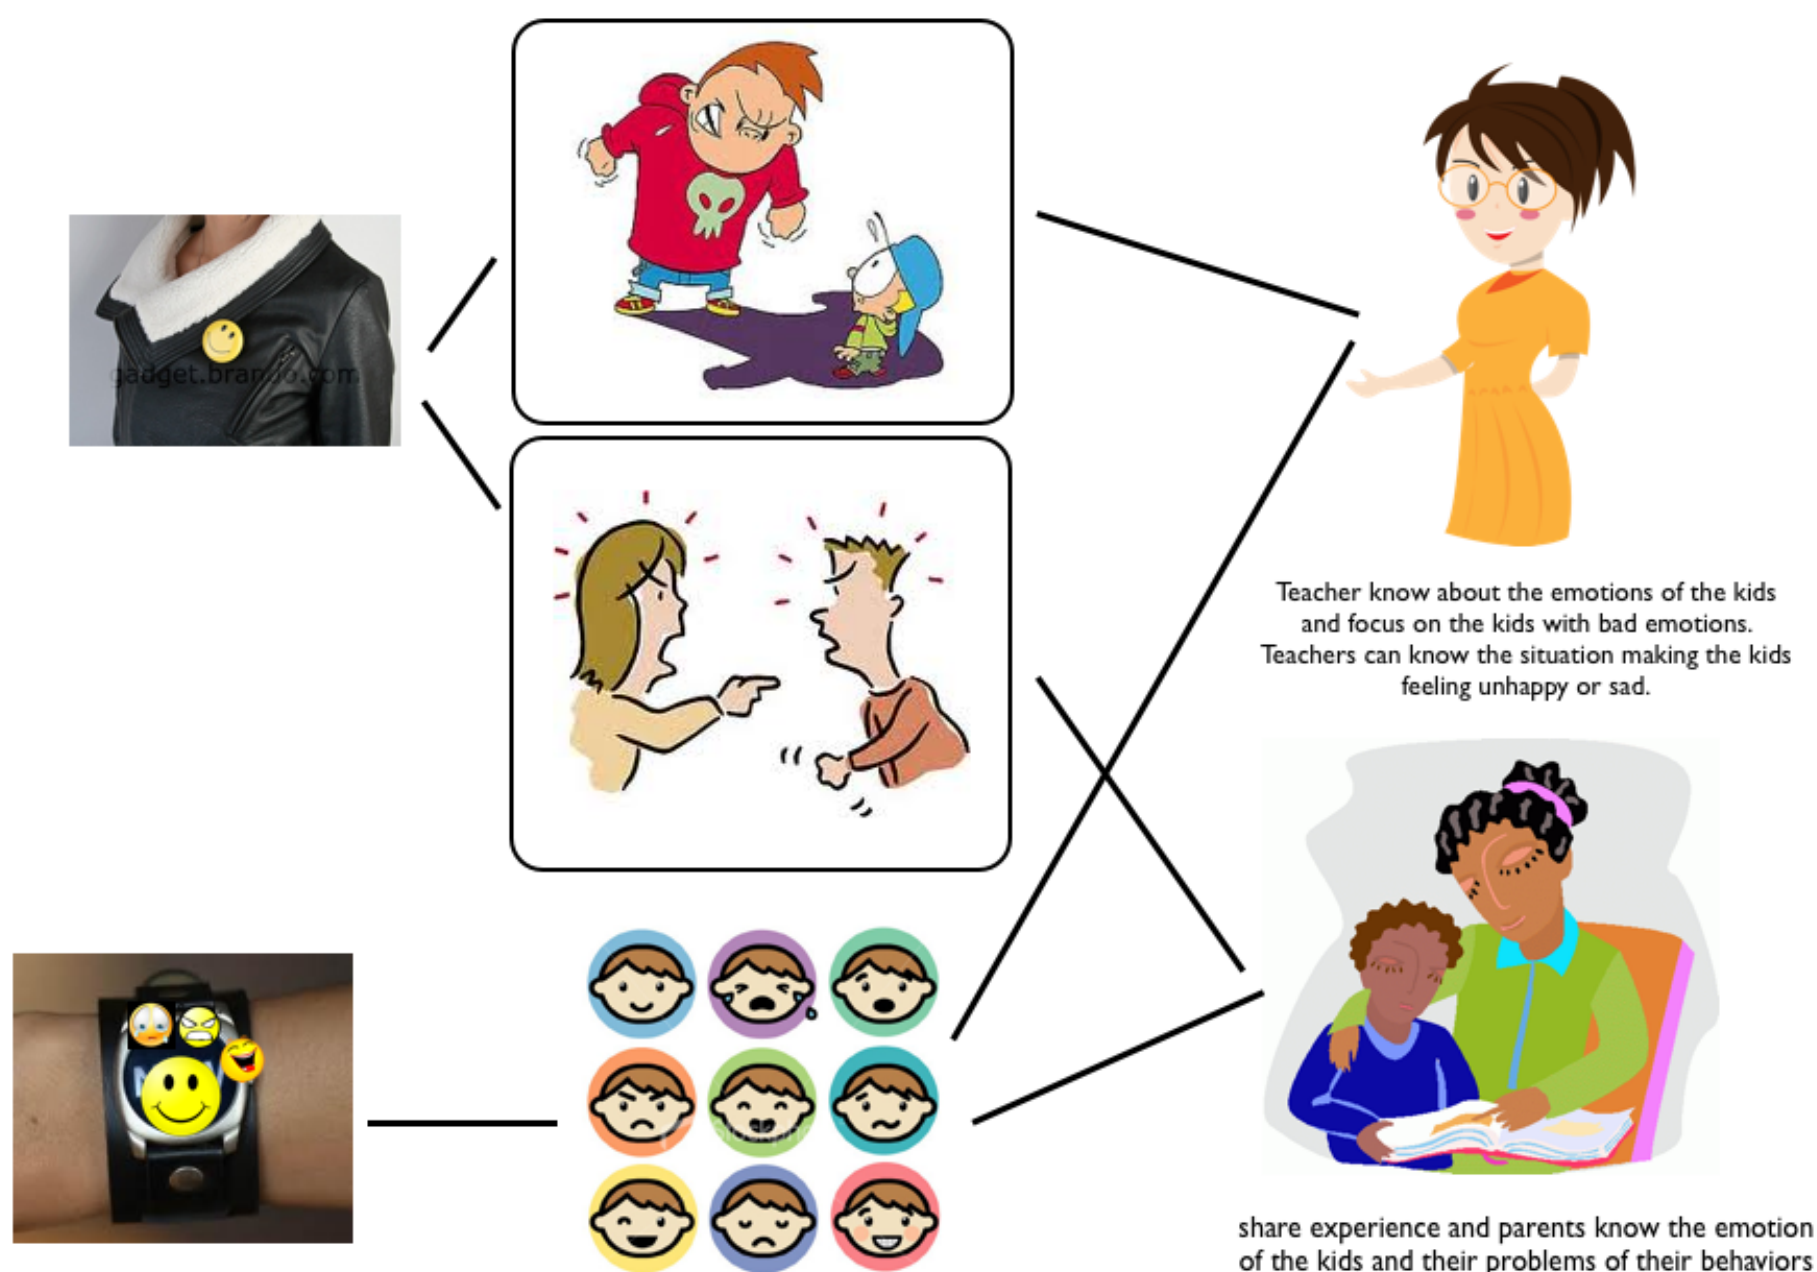

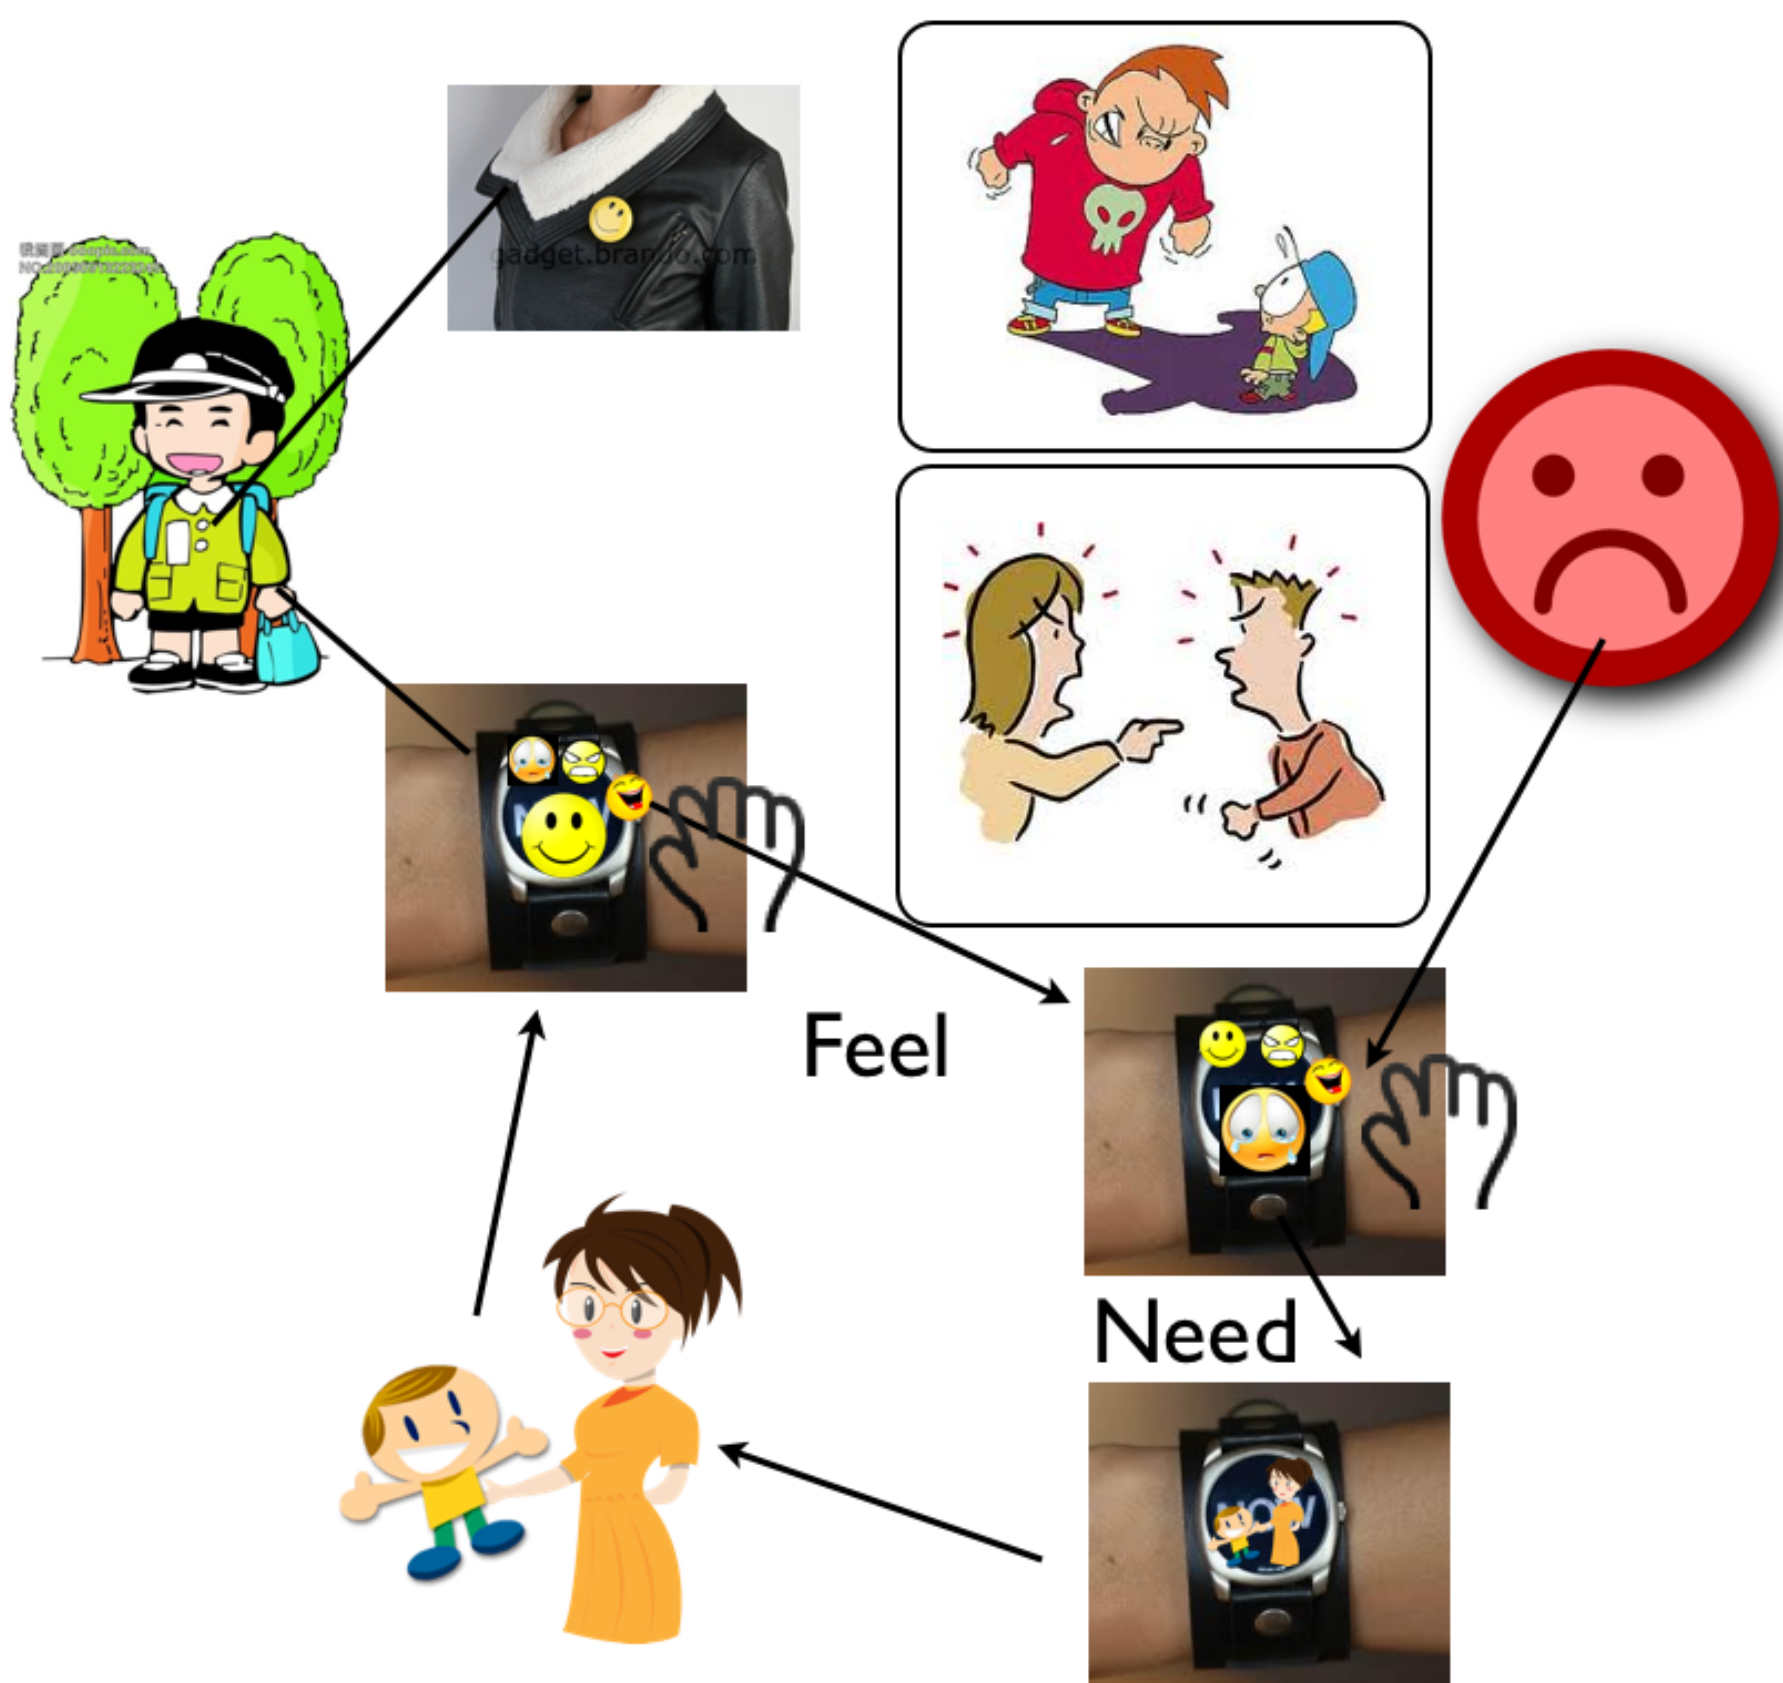

Mood scoring can be shared between parents, teachers, and counselors.

hope-E as an art pen that records, analyses, and provides visualization of moods over time in a diary.

hope-E as an interactive storytelling device that teaches children about proper responses to emotions.

"How are you FEELING today?"

"That's great! Now show WHY!"

"Know what would make things even better? You can share with OTHERS!"

"Just DRAG your character over!"

"How are you FEELING today?"

"That's too bad. WHY do you feel that way?"

"Know what would might help? You can ask SOMEONE for a hug"

"Just DRAG your character over!"

CAN YOU DRAW
A LADDER SO I
CAN RESCUE THEM?

DRAW SOME
WINGS ON THIS
ELEVATOR CAR SO
IT CAN FLY!
