Nancy Taing

MISSION STATEMENT

To have customers gain a deep understanding of the cultural and historical implications of topics, by exploring diverse perspectives shared by people around the world.

Perspective is...

- a platform for sharing and exploring first-hand accounts from around the world

Overview

- Heuristic Evaluation Feedback
- Redesign
- Tasks & Scenarios
- High-fidelity prototype
- Conclusion

Heuristic Eval Feedback

Summary: 46 Problems!

1. Sorted by severity level
2. Sorted by Page (Ex. Main, Search, Topic, Viewing...etc.)
3. Create Solutions!

-ex. **VIEWING PAGE**

- +New Perspective look different. (16)
  Make the same? Both necessary?
  - ONLY TOP. One in viewing screen unnecessary.
- **+**Marking points/Annotations
  (notes+system creates montage from markings)

Redesign

Simplify- Get rid of unnecessary functions

(Zoom, More "leaves," emotion filter...etc)

Clarify Sun? Basket??

No Sun. Basket= Collections into box (logo)

Make functions more intuitive

Tasks

- Explore a topic (simple)
  - Browse
- Share a perspective (medium)
  - Record
  - Track
- Synthesize perspectives (complex)
  - Collect
  - Annotate

Task 1: EXPLORE

A student is learning about a topic in history class and wants to learn about this topic from different perspectives. She uses our application to learn about this topic, and view a few diverse perspectives in order to gain broader understandings of the cultural implications.
