

PERSPECTIVE is a platform created to promote a better understanding of the world through sharing and exploring first-hand accounts from people of diverse backgrounds. By reinventing how we learn about history, culture, and even people and subjects we know nothing about, PERSPECTIVES inspires a new sense of connection and empathy with people we were never able to understand or relate to before.

## COLLECTION BOX

The BOX generates a quick and efficient viewing experience with a COLLECTION VIDEO comprised of all the best parts selected by you and best rated moments

## EXPLORE

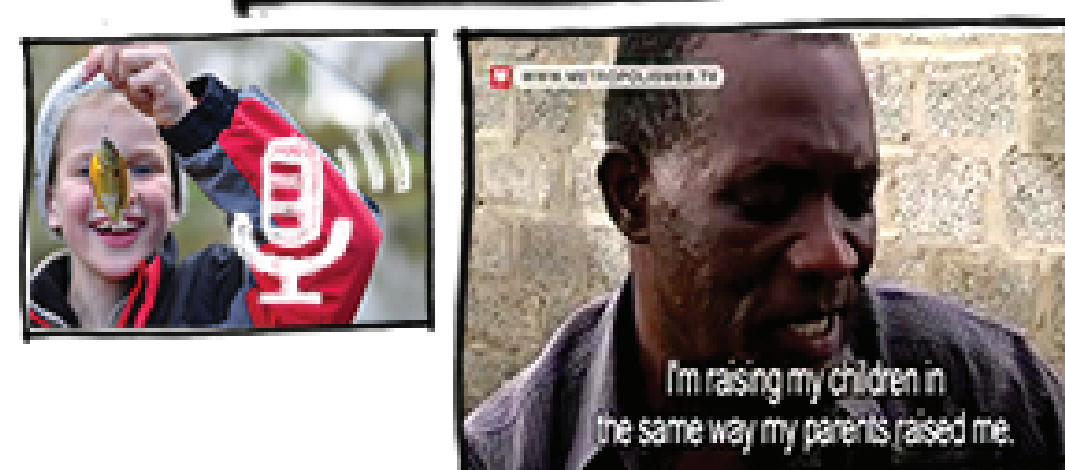

**OVERVIEW OF TOPIC**  
See the best parts of the diverse perspectives
